

**CITY OF HUNTINGTON BEACH
PUBLIC WORKS COMMISSION
INFORMATION ITEM**

Item No. PWC 10-31

SUBMITTED TO: Chairman Siersema and Members of the Commission

SUBMITTED BY: Travis K. Hopkins, PE, Director of Public Works

DATE: October 20, 2010

SUBJECT: Pavement Management Program

Analysis:

The Pavement Management Program (PMP) is a tool utilized by staff to identify the condition of the City's network of arterials and residential streets. It enables staff to identify and program, over the next seven years, the necessary maintenance in order to make the best use of available funding.

The recently completed PMP indicates that the City has done a good job in increasing the overall pavement condition of both the arterial and residential streets. The PMP also provides a budgetary guideline necessary to maintain and/or improve on the pavement conditions over the next seven years.
